

WESOŁYCH ŚWIĄT MAJCIU :3

Nasze pierwsze święta z wielu i muszę Ci powiedzieć że naprawdę lepszych nigdy nie miałem. Kto by pomyślał, że jedyne czego człowiekowi potrzeba to drugi człowiek. Tak samo jak ty w moje urodziny, nie chcę pisać typowych "feliz_navidad.pdf". Jednak coś co chce Ci przekazać to ile Twoja wielka osoba dla mnie znaczy (ale z umiarem żeby jeszcze trochę rzeczy mi zostało na życzenia urodzinowe). Z całego mojego wielkiego serca dziękuję Ci za wszystkie słowa, gesty, prezenty, rysunki, niespodzianki, pomoc mi w czymkolwiek miałem problem i wszystkie inne rzeczy które dla mnie zrobiłaś, a jest ich tyle że gdybym miał tu siedzieć i wszystkie wymieniać to przedzej afrykanie umarliby z braku wody niż ja dotarłbym do połowy.

Jesteś przewspaniałą osobą i mam wrażenie że mówię Ci to za rzadko. Charakterem odstajesz od wszystkich których znam i to w ten najlepszy możliwy sposób. Wszystkie Twoje talenty o które jestem tak bardzo zazdrośnie nie dorównują nawet jakimś azjatom którzy robią fortece z makaronu. Nawet jeśli moje zainteresowanie Tobą nie dotyczy głównie wyglądu to i tak nie mogę pominąć Twojej idealnej cery, sylwetki i ogólnie całej urody. Ostatnie co chcę Ci powiedzieć to że dopóki nie opęta mnie jakiś demon czy inna iron maiden to nigdy w życiu z Tobą nie zerwę bo

aktualnie Jesteś dla mnie wszystkim c:

Jeszcze raz wesołych świąt i miłego składania klocków ty mój tomboyu ukochany <3

Miesiąc temu w autobusie (kiedy mówiłem że się zeszrasz) powiedziałaś mi jaki dokładnie model dodge'a byś chciała.

Mój model był bardzo mocno wzięty z tego fast & furious który nie był tym dodgem o którego Ci chodziło

(zauważałem że coś tu nie gra dopiero po tym jak mi to powiedziałaś xd). Więc spróbowałem wszystkich moich sił żeby jakkolwiek przypominało to tego dobrego dodge challenger'a.

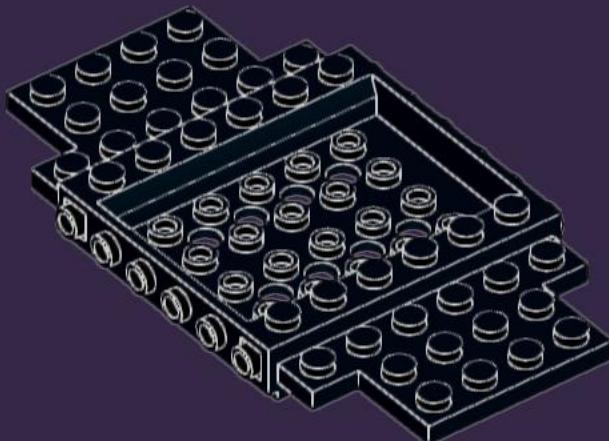

Spytałem Cię też czy lubisz paski na aucie.
Powiedziałaś że nie.

Ale postanowiłem to zignorować i dalej zrobić te fioletowe paski (nie chciałem żeby cały model był czarny).

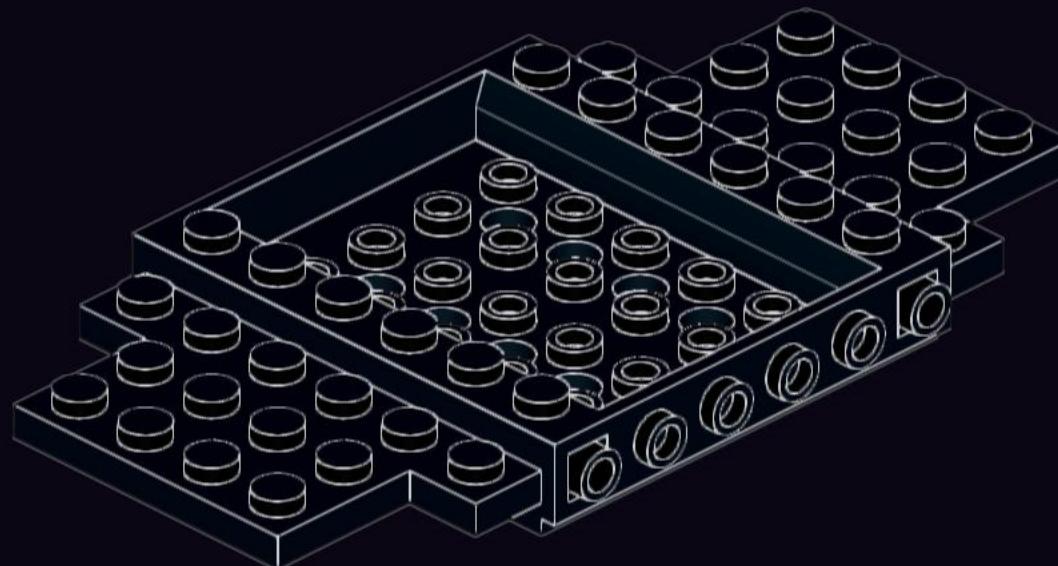

(jakby Ci się jakoś bardzo nie podobało to masz tam też klocki zamienne z fioletowych na czarne.
ale nie ma z białych na czarny/fioletowe bo nie było/nie wyglądało to dobrze :c)

Koniec dręczenia Cię czytaniem teraz możesz w spokoju budować
